Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Thursday 28 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and bright, then showery later. Wet and windy tomorrow.

Today:
Any early rain will quickly clear to the east, leaving mostly dry conditions and sunny spells. A band of showers, occasionally heavy, will move into western areas during the afternoon. Breezy throughout but feeling very mild. Maximum temperature 14 deg C (57 deg F).

Tonight:
The band of showers will cross the region through the evening. Further showers will follow during the early hours. A mild and windy night, with coastal gales by dawn. Minimum temperature 7 deg C (45 deg F).

Friday:
Outbreaks of rain and strong winds will affect most areas during the morning. Turning drier in the afternoon, with strong winds confined to the south coast. More rain overnight. Maximum temperature 10 deg C (50 deg F).

Outlook for Saturday to Monday:
Outbreaks of rain, heavy at times, on Saturday with coastal gales. Further rain and strong winds on Sunday, after a frosty start. Patchy rain in western areas on Monday.
